

Weronika Kuzniar - April 2024 Interview Notes

From Moloch-Yahweh

1) Yahweh and Moloch (chapter 4) - the merging of the two, when and why?

When: Likely during the “prophetic age”. Bible “retouched” to cleanse Moloch’s name and image and introduce Yahweh in his stead. But they are one and the same.

Why: the prophets wished to save Jews from themselves. Moloch worship resulted in a lot of needless Jewish deaths, so Moloch evolved into Yahweh to prevent further ritual sacrifice among the Jews themselves. Jews then began sacrificing others (Gentiles) via the “ban”. Pp. 29 and 31, in particular.

Interesting that Wilhelm Matthiessen mentions democracy as a political matter and Molochism as a religious matter; obviously, both in direct relation to Jewry. This thought on democracy being exclusively Jewish in nature ties in with what Father Gaston Ritter wrote in *Judah-Antichrist*: Jews aimed to destroy monarchy and the Church in order to secure world power -- by way of ‘Manchester Capitalism’ (as mentioned in *Albion & Zion United*: i.e., the English brand of capitalism complete with child labor and gross exploitation of working people) and Bolshevism; two heads of the same Jewish coin. This ‘two-headed Jewish Problem’ thesis has been proven correct by Ritter and Wolf Meyer-Christian with more than sufficient evidence. Freemasonry was hijacked by Jewry with the sole aim of destroying religion – namely, Christianity – and liberalizing the masses. Liberalism is literally the ‘bastard child’ of the Lodge. Its intention is to secularize the masses and undermine the Church once and for all.

2) The priestly corruption of scripture (chapter 6) -they sanitized parts of the old testament and to merge Moloch into Yahweh.

Yes, the Bible was effectively whitewashed for the Goyim, so that we might all come to worship Moloch, unwittingly. Omissions, alterations, etc. were introduced to alter the Bible’s narrative (e.g., the priests and prophets, such as Moses and Hosea, are “anti-Semites”, which simply is not true). The priests castigate Jewry, their own, only to make them better Jews: to save them from themselves. Again, this is why Moloch became Yahweh. Molochism, with its constant need for ritual murder, was simply not palatable to non-Jews. There was to be no more sacrifice of Jews by fellow Jews, but rather Jewish ritual murder (i.e., human sacrifice to Moloch) of various Gentiles. This is where the “Bann” (ban) comes into play.

3) The brutal nature of Judeo Bolshevik violence, do you believe this is a manifestation of the nature of the old testament Yahweh?

Yes. No government or people has as brutal and sadistic a tale as the Bolshevik “revolution” and subsequent regime. Just ghastly. And this traces its roots directly to Jewry’s worship of an evil deity, Moloch-Yahweh, who demanded the sacrifice of all the first-born...and later on, and only at the instigation of the *Jewish priest class itself* (a.k.a. “Yahweh”, according to Matthiessen), the ritual murder of non-Jews via banishment (Israel’s ban).

4) The Protocols of the Elders of Zion - The destruction of the European Monarchy's, Christianity and the ushering in of a Jewish world Monarch.

The Jewish Exilarch started in London, but then transferred to New York. The Jewish Exilarch, his 3 wise men, and the council of 300 effectively rule the entire world via the power of money. Walt Rathenau himself confirmed that "300 men rule the world" (Pp. 41-42, in particular). The Protocols are not frauds or forgeries but apparently based on the writings of Maurice Joly (a Jacobin, Freemason and friend of French Jewry). The World Economic Forum and the Young Global Leaders are literally The Protocols in real time. Also, see Parasite p. 146.

Monarchy and the Church were enemies #1 and #2 of Jewry. Once those two were knocked out, Jews had nearly unimpeded power worldwide...until fascism and National Socialism, of course. Both were effectively "neo-monarchies". This is the ONLY reason why the Holocaust Grimm Fairytale was a 'must', and why Hitler, National Socialism and fascism are all taboo. Fascism was the only material entity that completely exposed and resisted Jewry.

5) The Jews accomplishing their goals through world capitalism, Zionism and Bolshevism (Part 3, Not this time).

Yes. Zionism was simply created to get them a "headquarters" from which to dominate the world more completely and give themselves an escape if circumstances in the various host nations get/got too hot (dual citizenship/right to return). Capitalism and Communism are two heads of the same Jewish coin, as we already mentioned. Jews financed Bolshevism simply to transfer all Russian (and later Eastern European) wealth and property into their own hands. It's always about concentrating more and more wealth (and thus political power) into Jews' hands. They will use any means necessary, whether right, left, communist or capitalist. Those are all just labels to them.

6) The final aim of the Zionists (pg. 174) - the goal of establishment of a Jewish majority in Palestine and then their eventual expulsion

To establish a Jewish headquarters, yes. They just needed the numbers to push the Arabs out. The diaspora Jews never had any intention to live in a Jewish state. The Jewish state exists solely to give Jews global political power. It is meant to give them the semblance of a "real nation", if you will.

Section C. The religious alliances basis for the Political, pg. 254

The Jews were welcomed back to England by Cromwell to help fund British Imperialism. Really, Jews were the birth of English Imperialism because they had immense wealth that they were willing to mobilize for Britain. Perhaps this was Jewry's "thanks" to Cromwell for welcoming them back to England (emancipation)? Cromwell believed that the "Chosen" could bestow their "chosenness" unto England and thereby "bless" England with wealth and power if he permitted Jews to return.

7) The similarities between Judaism and Puritanism, both Capitalistic and encourage the accumulation of wealth. Both operate under "chosen people" ideology and historically have been ruthless to it's enemies.

Yes, wealth and prosperity have to do with Yahweh's blessings: not disadvantage vs. advantage, birth station, social standing, etc. Jews "balance" their account book with Yahweh by doing "philanthropy".

This way they “make up” for any sins. Example, the Sassoons rectified the Opium Wars through philanthropy, post facto. The English, with their religious foundation in Puritanism-Calvinism, believed in predestination. So, the wealthy were blessed by G-d from birth and the poor were abandoned by G-d from birth; there was no hope for the poor. This religious foundation reinforced British class division, which is basically the ‘Hindu Caste System’ for Anglo-Saxons. And this is exactly why Jews were welcomed and were seen as equals: they have money. Pp. 255-259 in AZU, in particular.

8) How does today's Christianity further Jewish supremacy?

The British authorities even back in the 1930s cited the Bible as one of the two reasons to support the Zionist movement to create a Jewish homeland in Palestine (the “holy land”). Christian Zionists today believe that Israel plays a pivotal role in the fulfillment of biblical prophecy; therefore, Christians must defend these “chosen people.” As long as Christians are kept in the dark about Moloch, and continue to believe the myth that Jews are chosen by God and not by Moloch, then Jewish biblical-based privilege and power will continue unabated. Jews know this and that’s why they named their A.I., which is helping to completely destroy Palestine right now, “Gospel”. Israel has “banished” (banned) the Palestinians. This war against “Hamas” is ritual sacrifice to Moloch, nothing more. Read Roman quote about ban on p. 32 of M-Y. But I should also mention that the Ashkenazi Jews, the majority in Israel and the world, can only trace 3% of their DNA to the Middle East. They are a mixed-race people comprised of Persian Jewry, the Khazars, the Ashina, and Eastern Europeans. P. 38 in *Parasite!*

9) What do you foresee taking place in the near and distant future in light of the events in Palestine and Russia/Ukraine in respect to goals of the Zionists?

Ukraine is an exclusively Jewish war against Russia. Russia is being “banned”. Ukraine is being used by the Jew Zelenskyy and his Jewish backers in Washington and London as a battering ram against Russia to keep Russia down. America and the EU are flailing and a strong Russia is a threat to both. Thus, Russia must be defeated.

As for Palestine...the “ban” happening in Gaza right now is not only typical, biblical tribute to Moloch, but it's Israel’s last-ditch attempt to deal with Iran once and for all. They are prodding Iran to get involved. They want this to escalate and they want America drawn in fully. They are aiming to further consolidate Jewish power in the region and Iran stands in the way (Iraq has been dealt with, so now Iran must be dealt with in equal measure). The end game is to keep America at the pinnacle of capitalist power for Jewry’s sake (the wealth factor), and to eliminate the last bastion of genuine Arab resistance to the state of Israel in the Middle East (the Iran factor). Jewry cannot ‘rule the world’ if they lose America or Israel.
